WASHINGTON THEATER

UNCL SAN BEGINS COMMUNITY ORGANIZATION.

Washington, January 1.—One of the most interesting of the new governmental activities which are spreading the influence of the national government into the every day lives of the American people, is the organization of school social centers. This work begins formally today, when Dr. Edward J. Ward of Wisconsin, assumes charge of the new sub-bureau of the United States Department of Education, which will have supervision.

The importance of the new step is far-reaching. While the use of the schoolhouse as forums or organized discussion is the basis of the work in which Ward will engage, he will also furnish expert information with regard to the whole field of community organization, including the use of the nation's common school system as the machinery of industrial and social adjustment, as the means of Americanizing and assimilating the immi-

grant population, and as the central means of organizing the nation's leisure time for wholesome and constructive recreation.

The federal bureau of social centers will work with state and local organizations, and with the religious boards who have adopted the idea of using the rural churches as community centers. To put the schools and the idle churches into use in the every day life of Americans as an Americanizing, industrial and social and educational influence of the broadest character, is the object of the government officials.

NEW HEAD FOR WASHINGTON STATE COLLEGE.

Pullman, Wash., January 1.—Ernest O. Holland, former superintendent of schools at Louisville, Ky., becomes president of Washington State College today, succeeding Dr. Enoch A. Bryan, resigned. The new college head is 42 years old, a native of Indiana.

RESULTS

you are looking for in the sale of your Tobacco, and it looks like we are showing them from the satisfactory prices we have been getting. On a crop of 1,665 pounds raised by Chas. Chandler on Wyatt-Owens farm, we averaged \$20.38, one basket bringing \$52 per cwt., another \$49. Another crop raised by C. Barrett on the same farm averaged \$19.64, the high basket bringing \$49. This shows that Maysville is the market and GROWERS the house to sell in.

AND DON'T FORGET, WE ARE NOT IN ANY COMBINE.

Attention, Mr. Farmer

C. M. Jones, Manager. R. B. Holton, Asst. Manager.

Many farmers have begun to see the light at "THE LIBERTY WAREHOUSE," of Maysville, Ky., which is not in the "COMBINE," and has the largest sales floor in Maysville and second largest in the county. The managers of THE LIBERTY WAREHOUSE promise the farmers nothing more than the best they can do as tobacco warehouse men. We do not claim that which is not ours by right, and have no time to knock other markets, as we are too busy boosting our own sales and the result is that new faces are seen on our sales floor each day and those faces are wearing a smile when their owners leave town.

Mr. A. M. Perry is our auctioneer and the man who helps you get the high dollar.

Let Charlie Jones place a smile upon your face by selling your tobacco with him where every man gets a square deal.

LEAP YEAR WITH US AGAIN.

Even in the midst of war's alarms and the busy upbuilding of business, the romantic fact must not be overlooked that the new year which opens today is "leap year." From now on the bachelor is supposed to be on the defensive; at least the jokesmiths will have it so. The weaker and more angelic sex may now forget the customary shyness of their kind and put the reverse lever on conventions by popping the question to the faint hearted. They may pop and they may not, they may win a hubby and they may not. Statistics fail to show the results achieved in other leap years. But there will never be a lack of topic for talk during the year. Perhaps it will sound like a relief from the weather talk, but it is bound to be mopeous before the 266 days have expired.

Why and when it became a year for the "female of the species" to propose matrimony to the male is an unalienable right, without loss of maidenly dignity, is not set down in tradition. Possibly it was inspired far back by a feeling of gallantry, ordaining that the girls should be given a chance at playing the principal role in the lottery of marriage. Or perhaps, as the skeptical are wont to think, it is just a huge joke in itself.

As to the origin of the name "leap year," it undoubtedly arose from the fact that any date in such year after March 1 "leaps over" the day of the week on which it would fall in ordinary years.

NEW EXPORT RULES IN FORCE.

Washington, January 1.—All shipments for export to foreign countries or to Alaska, Hawaii or Porto Rico are affected by the new regulation in force today. Accuracy of statement and completeness of description in export statistics are the primary objects of the new rules.

WEAK KIDNEYS MAKE WEAK BODIES

Kidney Diseases Cause Many Aches and Pains of Maysville People.

As one weak link weakens a chain, so may weak kidneys weaken the whole body and hasten the final breaking-down.

Overwork, strains, colds and other causes injure the kidneys and generally when their activity is lessened the whole body suffers.

Aches and pains and languor and urinary ills frequently come, and there is an ever-increasing tendency towards dropsy, gravel or fatal Bright's disease. When the kidneys fail there is no real help for the sufferer except kidney help.

Doan's Kidney Pills act directly on the kidneys. Maysville testimony is proof of their effectiveness.

Mrs. S. Neal, 497 W. Second St., Maysville, says: "One of my family had a great deal of trouble from a lame back and weak kidneys. Doan's Kidney Pills made the patient better." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Neal recommends. Foster-McBurn Co., Props., Buffalo, N. Y.

what we do sell.

We appreciate selling high priced crops and choice baskets of Tobacco; but, we are more concerned about what the average of the market is and how we are standing, with reference to the average.

What one crop or one basket brings only helps one seller; but, what the average is tells the tale for all the people. As long as we are able to sell Tobacco above the average of the market we shall continue to feel that we are rendering our full duty to our customers, the people and the market. As you know we do not buy any crops with a view of "boosting" our average. We simply sell everybody's Tobacco as it comes, giving to each crop the same care and attention and sorting every load thoroughly.

Last week the market

or, 25 cents higher than the market.

That is the chief reason why you should sell your Tobacco at the

HOME, CENTRAL, FARMERS AND INDEPENDENT HOUSES.

And, there are other reasons why you should do so among which are the fact that you can get quickly unloaded and promptly sold. Never crowded and always have good light. In addition we do not employ anyone that speculates in Tobacco. Our officers and help cannot buy your Tobacco low so that they may resell it at a profit. We do not permit that in our Houses. All of our efforts are given to the sellers. We are just trying to sell Tobacco and sell it well. Simply that and nothing more, and we mean to keep our business clean.

We invite Growers and Sellers to call at our Houses and see how carefully we SORT and handle all Tobacco and ask them to make any suggestions that they think will improve our methods. We are always glad to get suggestions from Growers and Sellers. We want the Maysville market to be clean and satisfactory. We offer no special favors to anyone and play no favorites. We take the same good care of all and are
